"GNS is where your children will find their first step towards independent social interaction scene. It's a place where children pick up valuable lessons that leaves an indelible mark on their future."

Vision & Ethos

Our vision is to be a premier global educational institution which develops the human resource for our dynamic and expanding community, the state, the nation, the region and the world at large.

- at GNS every child gets a Learning for Life
- at GNS young saplings grow into mighty oaks
- at GNS children are nurtured to grow both roots & wings
- at GNS every child is considered a winner

Through our institutions, we cultivate holistic development of students through excellence in education that fosters academics, understanding, brilliance, spiritual well-being, physical development, psychological strength, creative skills, social responsibility and concern for one's environment.

Mission

Gopalan National School aims at an integrated approach in the formation of young minds

To accomplish this, special efforts are made:

- To help pupils become mature and spiritually oriented.
- To encourage them continually to strive for excellence in every field
- To value and judiciously use their freedom
- To be just and courageous in action
- To be unstinting in the required social change in our country
- To instill patriotic fervour

Gopalan National School thus aims at making its contributions towards a radical transformation of present day social conditions, so that the principles of social justice, equality of opportunity, genuine freedom, respect for religious and moral values as enshrined in the Constitution of India may prevail and where respect for human existence may be inculcated in all.

Gopalan Foundation aims to provide value based education and impart learning for life. The ethos of the school is geared to make students multi-faceted and respectable citizens of India and of the world.

“We at GNS provide value-based education to mould children into responsible, confident and sensitive individuals.

History

GNS was established in 2004 by Gopalan Enterprises which has a long standing reputation of sincerity and commitment, in the field of property development, architectural work & organic farming.

The endeavor of reviving the age-old concept of education in a new child friendly environment is spearheaded by a dedicated group who believe in 'helping young minds to realize their full potential is a creative challenge'. Enriched by a rich educational experience in various prestigious institutions, these inspiring minds have created an innovative model of instauration from pre-primary to high school.

For GNS, we have envisioned a programme that serves to enrich and enhance the skills of the students. One of the objectives being, to create a smooth transition from elementary to secondary school and further.

Gopalan National School is where your children will find their independent socially interactive environment. It's a place where your children will pick up valuable lessons for life that leave an indelible mark on their future.

The logo depicts a growing child in a learning environment, respecting and valuing all the forces of nature to attain wisdom, through modesty, rightfulness and happiness.

Our logo is influenced by the sanskrit shloka which is an extract from the Hitopadesha.

Education gives modesty, modesty gives one a good character, a good character makes one wealthy.

And wealth leads to doing dharma
and help achieve contentment in life.

Education is a companion which no future can suppress,
no crime can destroy, no enemy can alienate it and no
nepotism can enslave.

Academics

GNS has adopted the ICSE curriculum (India Council for Secondary Education, New Delhi) and follows it through out the grade levels. Teaching and learning are enriched through a variety of practical experiences and hands on activities. Teachers choose age appropriate methods to expose children to different topic areas and to make learning meaningful and fun. Learning enhancement exercises, smart boards and other innovative methods are used to enhance the learning process.

Nursery

Student centered activities involve a combination of Montessori and Kindergarten activities to develop gross and fine motor skills. The classes for our tiny tots combine traditional education values with innovative teaching techniques. In higher classes learning through student centric activities such as role plays, group activities, experiential learning activities which facilitate the multi sensory methods of knowledge is deployed at GNS.

The ICSE curriculum prescribes the following subjects:

As per Karnataka State Government's order Kannada has been introduced as a compulsory language of Academic year 2018-2019.

Preparatory, Class I & Class II

English, Maths, EVS (Environment Science), Hindi, Kannada, Computer Science.

Class III to Classes V

English, Maths, Science, Social Science, Hindi, Kannada, Computer Science.

Class VI to Class VIII

English, Maths, Science (Physics, Chemistry, Biology), Social Science (History & Civics, Geography), Computer Science, Hindi/Kannada.
